

Acknowledgements

We are grateful to the following: Peter Neuenschwander of IITA for his contribution to chapter 11 of the information on mealybug and whitefly in Africa. To Trudy Brekelbaum, Paul André Calatayud and Josephina Martinez at CIAT, Colombia, for their support and help in preparation of the manuscript. Chapter 2 drew significantly on the Review of Cassava in Latin America, carried out for IFAD by C. Hershey and co-workers. Chapter 3 used as its main source, Cassava in Africa, a report prepared for IITA by Dunstan Spencer and Associates. Preparation of the manuscript was partly supported by the UK Department for International Development (DFID) [*Crop Protection Programme* (CPP) – Project R7563 and *Crop Post-Harvest Research Programme* – Project R7497] and the colour plates in Chapter 12 were sponsored by DFID-CPP.
